

Do You Have Tinnitus?

We are looking for individuals to participate in a research study to better understand *different types of tinnitus and treatment options*.

You May Qualify If You

- You experience tinnitus
- Do not have middle ear problems (like an ear infection)

Potential Benefits

By participating, you will be contributing to research that will benefit patients in the future.

You may benefit by learning more about tinnitus and treatment options.

Participation Involves

- Questionnaires
- Hearing test
- Tinnitus Loudness Test
- Clinical screening exam
- 1-10 sessions at the Portland VA
- Sessions take 2-3 hours each

Some individuals will be invited to participate in a randomized clinical trial comparing different tinnitus treatments. Depending on group assignment, you would attend up to 10 sessions over 12 weeks and be paid up to \$300. This is a research study, not a treatment.
