August 2017

**VA Portland Health Care System
Portland Campus**

VA

U.S. Department of Veterans Affairs
Veterans Health Administration
VA Portland Health Care System

Parking:

- From Terwilliger, turn on to SW US Veterans Hospital Road. You will see where to turn by a sign that says Portland VA Medical Center.
- Go past Day Use and employee lots (Lots 1 and 9 on the map) to the stop sign, do not turn into the parking lot entrance to the left of the stop sign – this is for employees only. Go straight after the stop sign and take the next left toward the **Visitor/Patient Parking**, and left again into the parking structure (designated by the yellow circle “entrance to P” on the map).
- If an attendant asks you the reason for your visit, please say you have a Research appointment at the NCRAR.
- Inside the parking structure, go all the way to the end of the first row of parking places. As you go around the end and start heading back up the other side, take the first right into a single lane marked **“Additional Parking”**. Park in this section if possible (this is Lot 3 on the map). ***Please allow extra time for parking because spaces are limited.***

Finding NCRAR:

- Immediately to your right as you enter Lot 3 you will see a sliding glass door that says “Mental Health”. After you have parked, go through this door to the elevators inside. This is parking level P2 and these are the elevators you will need to access our facility. Take these elevators down to level P5. We are the only facility on this level.
- If you end up in the main hospital building instead (building 100 on the map), you need to get to building 104 to find the elevators. You can go to the first floor, go out the main doors and cross the street. Look for the entrance to Primary Care – the elevators you need are just past the doors for Primary Care. Or, you can go to the second floor and find your way to the Skywalk (see map). Once you cross the Skywalk, you will find the elevators you need if you follow the hallway to the left. Take the elevators to P5.
- On level P5, you will take a left out of the elevator and see two big glass doors. This is the **National Center for Rehabilitative Auditory Research (NCRAR)**.

Directions to Portland VA Medical Center:

From the North:	OR	From the West:	From the Northwest:
<ul style="list-style-type: none"> • Travel South on I-5; cross the Willamette River via the Marquam Bridge, following the signs to City Center/Beaverton. • Take 6th Ave exit. Get in the left lane immediately and turn left on College. • Turn left on Broadway, stay in the right lane, and follow the signs to VA Hospital. 	<ul style="list-style-type: none"> • Take I-5 South to Terwilliger Blvd exit. • Stay in the right hand lane and go right at the top of the exit (Barbur Blvd). • At the first light, take a left onto Terwilliger Blvd. • Go through the light at Capitol Hwy. • Follow Terwilliger Blvd. approximately 2-2.5 miles to VA Hospital. 	<ul style="list-style-type: none"> • Travel East on US-26/Sunset Hwy, stay in the right lane and follow signs to Salem/The Dalles. • Pass through the Vista Ridge Tunnel, following signs to I-405 South. • Stay in the right lane and take the 6th Ave exit and follow signs to VA Hospital. 	<ul style="list-style-type: none"> • Travel Southeast on Hwy 30 (St. Helens Road) towards City Center, following signs to I-405 South. • Take I-405 South, get in the right lane after the US-26/Sunset Hwy exit and then exit at 6th Ave. • Stay in the right lane and follow signs to the VA Hospital.
From Lake Oswego:	From the Southeast:	From the East:	From the South:
<ul style="list-style-type: none"> • Travel North on Macadam. • Turn left on Boundary just past the Johns Landing Water Tower. • Proceed one block and turn right on Corbett. • Come to a four-way stop and turn left on Hamilton, at the next light cross Barbur Blvd. and go up the hill on Hamilton. • Turn right on Terwilliger Blvd. and follow signs to VA Hospital. 	<ul style="list-style-type: none"> • Travel North on McLoughlin Blvd. or West on Powell. • Cross the Willamette River via the Ross Island Bridge and take City Center exit. • Follow Corbett as it turns into Kelly, Arthur, and Caruthers. • Stay in the far left lane so that you will be able to turn left on 6th Ave. • Follow signs to VA Hospital. 	<ul style="list-style-type: none"> • Travel West on I-84 to the junction of I-5 South. • Follow I-5 across the Willamette River via the Marquam Bridge. • Take 6th Ave exit and get in the left lane immediately and turn left on College. • Turn left on Broadway, stay in the right lane and follow signs to VA Hospital. 	<ul style="list-style-type: none"> • Travel North on I-5; take the Terwilliger Blvd. exit and turn left. • Follow Terwilliger Blvd. approximately 2.5 miles, crossing Barbur Blvd. and Capital Hwy. • Follow signs to VA Hospital/OHSU.
By Bus:			
<ul style="list-style-type: none"> • TRI-MET bus #8 runs about every 20 minutes from Downtown to the VA Hospital. Go to www.trimet.org to find arrival times or to plan your route with the Trip Planner. • You should get off the bus at the Veteran's Hospital main entrance (the second stop on US Veterans Hospital Road). Do not go into the main hospital lobby, instead walk across the street to the building opposite (BLDG 103 on map). Before entering the building, turn right and walk down the sidewalk that runs alongside the building. You will enter through automatic glass doors at the end of the sidewalk. Go past the entrance to the Primary Care Clinic to the elevators. Take the elevator to P5. • You will take a left out of the elevator and see two big glass doors. This is the National Center for Rehabilitative Auditory Research (NCRAR).
